<sup>1</sup> The amount due by Pakistan for the year 2013 represents the residual difference between contributions due and actual payments made. Since 2005, Pakistan has always made annual payments, albeit rarely equal to the amount of its contribution.

<sup>2</sup> Romania was reclassified in 2012 in a higher Category in the chart of contributions to the UNIDROIT budget, but paid the same contribution as in 2011, and the indicated amount represents the difference. The amount indicated in 2014 is the remaining amount owed following a slight increase in the value of the unit of contribution in 2013 for the 2014 budget.
