CONSTITUTION OF AN INTERNATIONAL INTEREST

Article 8

An interest is constituted as an international interest under this Convention where the agreement creating or providing for the interest:

- (a) is in writing;
- (b) relates to an object in respect of which the chargor, conditional seller or lessor has power to enter into the agreement;
- (c) enables the object to be identified in conformity with the Protocol; and
- (d) in the case of a security agreement, enables the secured obligations to be identified[, but without the need to state a sum or maximum sum secured].

* The preamble will be drafted in due course.

CHAPTER III
DEFAULT REMEDIES

Article 9

1. – In the event of default in the performance of a secured obligation, the chargee may exercise any one or more of the following remedies:

- (a) take possession or control of any object charged to it;
- (b) sell or grant a lease of any such object;
- (c) collect or receive any income or profits arising from the management or use of any such object;
- (d) apply for a court order authorising or directing any of the above acts.

2. – Any remedy given by sub-paragraph (a), (b) or (c) of the preceding paragraph shall be exercised in a commercially reasonable manner. A remedy shall be deemed to be exercised in a commercially reasonable manner where it is exercised in conformity with a provision of the security agreement except where the court determines that such a provision is manifestly unreasonable.

3. – A chargee proposing to sell or grant a lease of an object under paragraph 1 otherwise than pursuant to a court order shall give reasonable prior notice in writing of the proposed sale or lease to interested persons.

4. – Any sum collected or received by the chargee as a result of exercise of any of the remedies set out under paragraph 1 shall be applied towards discharge of the amount of the secured obligations.

5. – Where the sums collected or received by the chargee as a result of the exercise of any remedy given in paragraph 1 exceed the amount secured by the security interest and any reasonable costs incurred in the exercise of any such remedy, then unless otherwise ordered by the court the chargee shall pay the excess to the holder of the international interest registered immediately after its own or, if there is none, to the chargor.

Article 10

1. – At any time after default in the performance of a secured obligation, the chargee and all the interested persons may agree, or the court may on the application of the chargee order, that

ownership of (or any other interest of the chargor in) any object covered by the security interest shall vest in the chargee in or towards satisfaction of the secured obligations.

2. – The court shall grant an application under the preceding paragraph only if the amount of the secured obligations to be satisfied by such vesting is reasonably commensurate with the value of the object after taking account of any payment to be made by the chargee to any of the interested persons.

3. – At any time after default in the performance of a secured obligation and before sale of the charged object or the making of an order under paragraph 1, the chargor or any interested person may discharge the security interest by paying the amount secured, subject to any lease granted by the chargee under Article 9(1). Where, after such default, the payment is made in full by an interested person, that person is subrogated to the rights of the chargee.

4. – Ownership or any other interest of the chargor passing on a sale under Article 9(1) or passing under paragraph 1 of this Article is free from any other interest over which the chargee's security interest has priority under the provisions of Article 28.

Article 11

In the event of default by the conditional buyer under a title reservation agreement or by the lessee under a leasing agreement, the conditional seller or the lessor, as the case may be, may terminate the agreement and take possession or control of any object to which the agreement relates. The conditional seller or the lessor may also apply for a court order authorising or directing either of these acts.

Article 12

1. – The parties may provide in their agreement for the kind of default, or any event other than default, that will give rise to the rights and remedies specified in Articles 9 to 11 or 15.

2. – In the absence of such an agreement, “default” for the purposes of Articles 9 to 11 and 15 means a substantial default.

Article 13

1. – Subject to paragraph 2, any remedy provided by this Chapter shall be exercised in conformity with the procedural law of the place where the remedy is to be exercised.

2. – Any remedy available to the obligee under Articles 9 to 11 which is not there expressed to require application to the court may be exercised without leave of the court except to the extent that the Contracting State where the remedy is to be exercised has made a declaration under Article Y or in the Protocol.

Article 14

Any additional remedies permitted by the applicable law, including any remedies agreed upon by the parties, may be exercised to the extent that they are not inconsistent with the mandatory provisions of this Chapter.

Article 15

1. – A Contracting State shall ensure that an obligee who adduces *prima facie* evidence of default by the obligor may, pending final determination of its claim, obtain speedy judicial relief in the form of [one or more of] the following orders:

- (b) possession, control, custody or management of the object;
- (c) sale or lease of the object;
- (d) application of the proceeds or income of the object;
- (e) immobilisation of the object.

2. – Ownership or any other interest of the obligor passing on a sale under the preceding paragraph is free from any other interest over which the chargee's security interest has priority under the provisions of Article 28.

3. – Nothing in this Article shall limit the availability of any form of interim judicial relief under the applicable law.

CHAPTER IV

THE INTERNATIONAL REGISTRATION SYSTEM

Article 16

1. – An International Registry shall be established for registrations of:

- (a) international interests, prospective international interests [and registrable non-consensual rights and interests];
- (b) assignments and prospective assignments of international interests; and
- (c) subordinations of interests referred to in sub-paragraph (a) of this paragraph.

2. – [The International Registry shall have international legal personality and such legal capacity as may be necessary for the exercise of its functions and the fulfilment of its purposes under this Convention.]

3. – Different registries may be established for different categories of object and associated rights. For the purposes of this Convention, “International Registry” means the relevant international registry.

4. – For the purposes of this Chapter and Chapter V, the term “registration” includes, where appropriate, an amendment, extension or discharge of a registration.

[Article 17

1. – The Protocol shall designate an Intergovernmental Regulator ** to exercise the functions assigned to it by this Chapter, Chapter V and the Protocol.

2. – The Protocol may provide for Contracting States to designate operators of registration facilities in their respective territories. Such operators shall be transmitters of the information required for registration and, in such capacity, shall constitute an integral part of the registration system of this Convention. The Protocol may specify the extent to which the designation of such an operator shall preclude alternative access to the International Registry.

3. – The Intergovernmental Regulator shall establish the International Registry, designate the Registrar and oversee the International Registry and the operation and administration thereof. ***

4. – The manner in which such oversight is conducted, the responsibilities of the Registrar and operators of registration facilities and the fees to be paid by users of the international registration system shall be prescribed in the Protocol and/or from time to time in the regulations.

5. – The Registrar shall:

- (a) operate the International Registry efficiently and responsibly;
- (b) perform the functions assigned to it under this Convention, the Protocol and the regulations;
- (c) report to the Intergovernmental Regulator on its performance of these functions and otherwise comply with the oversight requirements specified by the Intergovernmental Regulator;
- (d) maintain financial records relating to its functions in a form specified by the Intergovernmental Regulator; and
- (e) insure against liability for its acts and omissions in a manner acceptable to the Intergovernmental Regulator.

6. – The Intergovernmental Regulator shall have power to require acts and omissions which are in contravention of this Convention, the Protocol or the regulations to be rectified.

7. – The Protocol and/or the regulations may prescribe the procedures pursuant to which the Registrar and operators of registration facilities may request advice from the Intergovernmental Regulator regarding the exercise of their respective functions under this Convention, the Protocol and the regulations.]

** The present text assumes that the Intergovernmental Regulator and the operators of the International Registry will be different bodies. However, as indicated in the preliminary draft Protocol on Matters specific to Aircraft Equipment, an alternative to be considered is an unitary International Registry Authority which would act as both operator and regulator (cf. Article XVI(1) of that text which provides as follows:

ALTERNATIVE A

[1. – [The International Registry shall be regulated and operated by the International Registry Authority.]
[The International Registry shall be regulated by the International Regulator and operated by the Registrar.]]

*** It was noted by the Aircraft Protocol Group that Article 17(3) is an example of the type of provision which was envisaged as being within Article U(b) and which may therefore find itself modified by the terms of a Protocol.

CHAPTER V

MODALITIES OF REGISTRATION

Article 18

The Protocol and regulations may contain conditions and requirements, including the criterion or criteria for the identification of the object, which must be fulfilled in order:

- (a) to effect a registration; or

[Article 24

The Registrar shall maintain a list of the categories of non-consensual right or interest declared by Contracting States in conformity with Article 40 and the date of each such declaration. Such list shall be recorded and searchable in the name of the declaring State and shall be made available as provided in the Protocol and regulations to any person requesting it.]

Article 25

A document in the form prescribed by the regulations which purports to be a certificate issued by the International Registry is *prima facie* proof:

(a) that it has been so issued; and

(b) of the facts recited in it, including the date and time of a registration under Article 21.

Article 26

1. – When the obligations secured by a security interest [or the obligations giving rise to a registrable non-consensual right or interest] have been discharged, or the conditions of transfer of title under a title reservation agreement have been fulfilled, the obligor may, by written demand delivered to the holder of such a registered interest, require the holder to remove the registration relating to the interest.

2. – Where a prospective international interest or a prospective assignment of an international interest has been registered, the intending grantor or assignor may by notice in writing, delivered to the intended grantee or assignee at any time before the latter has given value or incurred a commitment to give value, require the relevant registration to be removed.

AS AGAINST THIRD PARTIES

Article 28

1. – A registered interest has priority over any other interest subsequently registered and over an unregistered interest.

2. – The priority of the first-mentioned interest under the preceding paragraph applies:

3. – The buyer of an object acquires its interest in it:

(a) subject to an interest registered at the time of its acquisition of that interest; and

(b) free from an unregistered interest even if it has actual knowledge of such an interest.

4. – The priority of competing interests under this Article may be varied by agreement between the holders of those interests, but an assignee of a subordinated interest is not bound by an agreement to subordinate that interest unless at the time of the assignment a subordination had been registered relating to that agreement.

5. – Any priority given by this Article to an interest in an object extends to insurance proceeds payable in respect of the loss or physical destruction of that object [and to amounts paid or payable by any Government or State entity in respect of the confiscation, condemnation or requisition of that object.]

Article 29

1. – An international interest is valid against the trustee in bankruptcy of the obligor if prior to the commencement of the bankruptcy that interest was registered in conformity with this Convention.

Article 31

3. – The obligor may by agreement in writing waive all or any of the defences and rights of set-off referred to in the preceding paragraph.
4. – In the case of an assignment by way of security, the assigned rights revest in the assignor, to the extent that they are still subsisting, when the security interest has been discharged.

Article 32

The provisions of Chapter V shall apply to the registration of an assignment or prospective assignment of an international interest as if the assignment or prospective assignment were the international interest or prospective international interest and as if the assignor were the grantor of the interest.

Article 33

1. – To the extent that an international interest has been assigned in accordance with the provisions of this Chapter, the obligor in relation to that interest is bound by the assignment, and, in the case of an assignment within Article 31(1)(b), has a duty to make payment or give other performance to the assignee, if but only if:

- (b) the notice identifies the international interest [; and
- (c) the obligor does not have [actual] knowledge of any other person's superior right to payment or other performance].

2. – Irrespective of any other ground on which payment or performance by the obligor discharges the latter from liability, payment or performance shall be effective for this purpose if made in accordance with the preceding paragraph.

3. – Nothing in the preceding paragraph shall affect the priority of competing assignments.

Article 34

In the event of default by the assignor under the assignment of an international interest made by way of security, Articles 9, 10 and 12 to 15, in so far as they are capable of application to intangible property, apply as if references:

- (a) to the secured obligation and the security interest were references to the obligation secured by the assignment of the international interest and the security interest created by that assignment;
- (b) to the chargee and chargor were references to the assignee and assignor of the international interest;
- (c) to the holder of the international interest were references to the holder of the assignment; and
- (d) to the object included references to the assigned rights relating to the object.

Article 35

Where there are competing assignments of international interests and at least one of the assignments is registered, the provisions of Article 28 apply as if the references to an international interest were references to an assignment of an international interest.

Article 36

holder of associated rights not held with an international interest to the extent that the first-mentioned associated rights relate to:

- (a) a sum advanced and utilised for the purchase of the object;

- (c) the rentals payable in respect of the object;

and the reasonable costs referred to in Article 9(5).

Article 37

1. – An assignment of an international interest is valid against the trustee in bankruptcy of the assignor if prior to the commencement of the bankruptcy that assignment was registered in conformity with this Convention.

2. – Nothing in this Article affects the validity of an assignment of an international interest against the trustee in bankruptcy where that interest is valid against the trustee in bankruptcy under the applicable law.

[Article 38

1. – Subject to paragraph 2, nothing in this Convention affects rights or interests arising in favour of any person by operation of principles of legal subrogation under the applicable law.

2. – The priority between any interest within the preceding paragraph and a competing interest may be varied by agreement in writing between the holders of the respective interests.]

[CHAPTER [IX]

NON-CONSENSUAL RIGHTS AND INTERESTS

Article 39

A Contracting State may at any time in an instrument deposited with the depositary of the Protocol list the categories of non-consensual right or interest which shall be registrable under this Convention as regards any category of object as if the right or interest were an international interest and be regulated accordingly.

Article 40

A non-consensual right or interest (other than a registrable non-consensual right or interest) which under the law of a Contracting State would have priority over an interest in the object equivalent to that held by the holder of the international interest (whether in or outside the insolvency of the obligor) has priority over the international interest to the extent, and only to the extent that:

(a) such priority is set out by that State in an instrument deposited with the depositary of the Protocol and that instrument has been deposited with the depositary prior to the time when the registration of the international interest takes effect; and

(b) the non-consensual right or interest would, under the domestic law of that State, have priority over a registered interest of the same type as the international interest without any act of publication.]
